* Country in which the specimens were taken from the wild, bred in captivity or artificially propagated (only in case of re-export)

** Only for specimens of Appendix-I species bred in captivity or artificially propagated for commercial purposes

*** For pre-Convention specimens

13. This permit/certificate is issued by:

Place — Date — Security stamp, signature and official seal

14. Export endorsement: — 15. Bill of Lading/Air waybill number

Block	Quantity
A	
B	
C	
D	

Port of export — Date — Signature — Official stamp and title

Instructions and explanations
(These correspond to block numbers on the form)

1. Tick the square which corresponds to the type of document issued (export permit, re-export certificate, import permit or other). If the box "other" has been ticked, the type of document must be indicated. The original number is a unique number allocated to each document by the Management Authority.
2. For export permits and re-export certificates, the date of expiry of the document may not be more than six months after the date of issuance (one year for import permits).
3. **Complete** name and address of the importer.

3a. The name of the country must be written in full.

4. **Complete** name and address of the exporter/re-exporter. The name of the country must be stated. The absence of the signature of the applicant renders the permit or certificate invalid, if a place for the signature of the applicant is included.
5. Special conditions may refer to national legislation or special conditions placed on the shipment by the issuing Management Authority. This black can also be used to justify the omission of certain information.

5a. The following codes should be used: **T** for commercial, **Z** for zoo, **G** for botanica! garden, **Q** for circus or travelling exhibition, **S** for scientific, **H** for hunting trophy, **P** for personal, **M** for medica!, **E** for education, **N** for reintroduction or introduction into the wild, **B** for breeding in captivity or artificial propagation and **L** for law enforcement / judicia! / forensic.

5b. Indicate the number of the security stamp affixed in black 13.

6. The name, address and country of the issuing Management Authority should already be printed on the form.

7-8. Indicate the scientific name (genus and species, where appropriate subspecies) of the animal or plant as it appears in the Convention Appendices or the reference lists approved by the Conference of the Parties, and the common name of the anima! or plant as known in the country issuing the permit.

9. Describe, as precisely as possible, the specimens entering !rade (live animals, skins, flanks, wallets, shoes, etc.). If a specimen is marked (tags, identifying marks, rings, etc.), whether or not this is required by a Resolution of the Conference of the Parties (specimens originating in a ranching operation, specimens subject to quotas approved by the Conference of the Parties, specimens of Appendix-! species bred in captivity for commercial purposes, etc.), indicate the number and type of mark. The sex and age of the live animals should be recorded, if possible.
10. Enter the number of the Appendix of the Convention (1, Il or 111) in which the species is listed. Use the following codes to indicate the source:
    - **W** Specimens taken trom the wild
    - **X** Specimens taken in "the marine environment not under the jurisdiction of any State".
    - **R** Ranched specimens: specimens of animals reared in a controlled environment, taken as eggs or juveniles trom the wild, where they would otherwise have had a very low probability of surviving to adulthood.
    - **D** Appendix-! animaIs bred in captivity for commercial purposes in operations included in the Secretariat's Register, in accordance with Resolution Conf. 12.10 (Rev. CoP15), and Appendix-I plants artificially propagated for commercial purposes, as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 4, of the Convention
    - **A** Plants that are artificially propagated in accordance with Resolution Conf. 11.11 (Rev. CoP18), as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 5 (specimens of species included in Appendix I that have been propagated artificially for non-commercial purposes and specimens of species included in Appendices Il and 111)
    - **C** AnimaIs bred in captivity in accordance with Resolution Conf. 10.16 (Rev. CoP19), as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 5
    - **F** Animals bom in captivity (F1 or subsequent generations) that do not fulfil the definition of 'bred in captivity' in Resolution Conf. 10.16 (Rev. CoP19), as well as parts and derivatives thereof
    - **Y** Specimens of plants that fulfil the definition for 'assisted production' in Resolution Conf. 11.11 (Rev. CoP18) as well as parts and derivatives thereof
    - **U** Source unknown **(must be justified)**
    - **1** Confiscated or seized specimens
    - **0** Pre-Convention specimens (may be used with other source codes).
11. The quantity and units indicated should conform to the most recent version of the *Guidelines for the preparation and submission of CJTES annual reports.*

11a. Indicate the total number of specimens exported in the current calendar year (1 January to 31 December) (including those covered by the present permit) and the current annual quota for the species concerned (for example 500/1000). This should be done for the national quotas as well as for those determined by the Conference of the Parties.

12. The country of origin is the country in which the specimens were taken trom the wild, bred in captivity or artificially propagated, except in the case of plant specimens that cease to qualify for an exemption trom the provisions of CITES. In such instances, the country of origin is deemed to be the country in which the specimens ceased to qualify for the exemption. Indicate the number of the permit or certificate of the exporting country and the date of issuance. If all or part of the information is not known, this should be justified in black 5. This black must only be completed in case of re- exports;

12a. The country of last re-export is the country trom which the specimens were re-exported before entering the country in which the present document is issued. Enter the number of the re-export certificate of the country of last re-export and its date of issuance. If all or part of the information is not known, this should be justified in black 5. This black must only be completed in case of re-export of specimens previously re-exported.

12b. The "No. of the operation" is the number of the registered captive-breeding or artificial propagation operation. The "date of acquisition" is defined in Resolution Conf. 13.6 (Rev. CoP16) and is required only for pre-Convention specimens.

13. To be completed by the official who issues the permit. The name of the official must be written in full. The security stamp must be affixed in this black and must be cancelled by the signature of the issuing official and a stamp or seal. The seal, signature and security-stamp number should be clearly legible.
14. To be completed by the official who inspects the shipment at the time of export or re-export. Enter the quantities of specimens actually exported or re-exported. Strike out the unused blocks.
15. Enter the number of the bill of lading or air way-bill if the method of transport used requires the use of such a document.

The document must be written in one of the three werking languages of the Convention (English, Spanish or French) or must include a full translation into one of these three languages. Exported and re-exported specimens should not appear on the same document unless it is clearly indicated which specimens are being exported and which re-exported.

AFTER USE THIS **DOCUMENT MUST** BE **RETURNED TOA MANAGEMENT AUTHORITY OF** THE **IMPORTING COUNTRY.**
